

## BRAKE CLEANER

### HEAVY DUTY PARTS AND BRAKE CLEANER

Contains no chlorinated or aromatic hydrocarbon solvents.

#### DESCRIPTION

**BRAKE CLEANER** is used for removing brake dust, dirt and grime as well as degreasing brake parts.

Rapid evaporation allows optimum cleaning.

#### APPLICATIONS

**BRAKE CLEANER** will not effect brake pads. **BRAKE CLEANER** reduces breaking squeal. **BRAKE CLEANER** is fast evaporating.

Based on a formulation if isopropyl alcohol.

#### TECHNICAL DATA

**FORM:** Liquid  
**ODOUR:** Solvent  
**COLOUR:** Clear  
**DETERGENCY:** N/A  
**TOXICITY:** N/A  
**WETTING ABILITY:** N/A  
**STORAGE ABILITY:** 1 year  
**COLD STABILITY:** Yes  
**PHOSPHATES:** Nil

**FLASH POINT:** < 0°C (highly flammable)  
**FLAME EXTENSION:** 10.5% UEL  
**SOLUBILITY IN WATER:** No  
**SPECIFIC GRAVITY:** 0.670  
**%VOLATILE BY VOLUME:** 100%  
**pH:** N/A  
**PROPELLANT:** N/A  
**EVAPORATION RATE:** Fast  
**BIODEGRADABILITY:** No

#### DIRECTIONS FOR USE

Spray liberally to allow solvent to remove grease and brake dust. Evaporation rate will help remove all residue.

May be used on electrical equipment and switch gear.

Great primer when using engine sealants and RTV gasket makers.

Ideal as a diagnostic tool to find oil leaks.
