

## **SKIN ARMOR**

### **BARRIER FOAM**

#### **DESCRIPTION**

**SKIN ARMOR** provides a unique, invisible skin shield that features the moisturising power of aloe vera, vitamin E, jojoba, wheat germ extract and lanolin without any silicone. **SKIN ARMOR** is excellent when working with small parts where gloves may be burdensome, however, when used with gloves, it allows skin to flex and breathe helping reduce under glove perspiration while shielding skin from the latex.

#### **APPLICATIONS**

For use by Mechanics, Painters, Printers, Plumbers, Service Persons, Industrial Workers and Janitors etc.

Shields skin from chemicals, dyes, dirt, oil, grease, solvents, paints, fibreglass fibres, resins, epoxies, alkalis, acids, inks, tar, shop grime and more.

#### **TECHNICAL DATA**

<b>FORM:</b> Aerosol	<b>FLASH POINT:</b> Not combustible
<b>ODOUR:</b> Mild	<b>FLAME EXTENSION:</b> N/A
<b>COLOUR:</b> White foam	<b>SOLUBILITY IN WATER:</b> Soluble
<b>DETERGENCY:</b> Low	<b>SPECIFIC GRAVITY:</b> 1.0g/ml
<b>TOXICITY:</b> Low	<b>%VOLATILE BY VOLUME:</b> 90%
<b>WETTING ABILITY:</b> Low	<b>pH:</b> N/A
<b>STORAGE ABILITY:</b> 1 year +	<b>PROPELLANT:</b> Propane
<b>COLD STABILITY:</b> Do not freeze	<b>EVAPORATION RATE:</b> Leaves residue
<b>PHOSPHATES:</b> Nil	<b>BIODEGRADABILITY:</b> Yes

#### **DIRECTIONS FOR USE**

Shake, then spray a walnut size amount on clean hands. Rub hands together to evenly coat skin. Make sure to get under fingernails.

For areas other than the hands, apply foam to fingertips and rub into desired area. To remove, wash off with soap and water.
